

After running program.

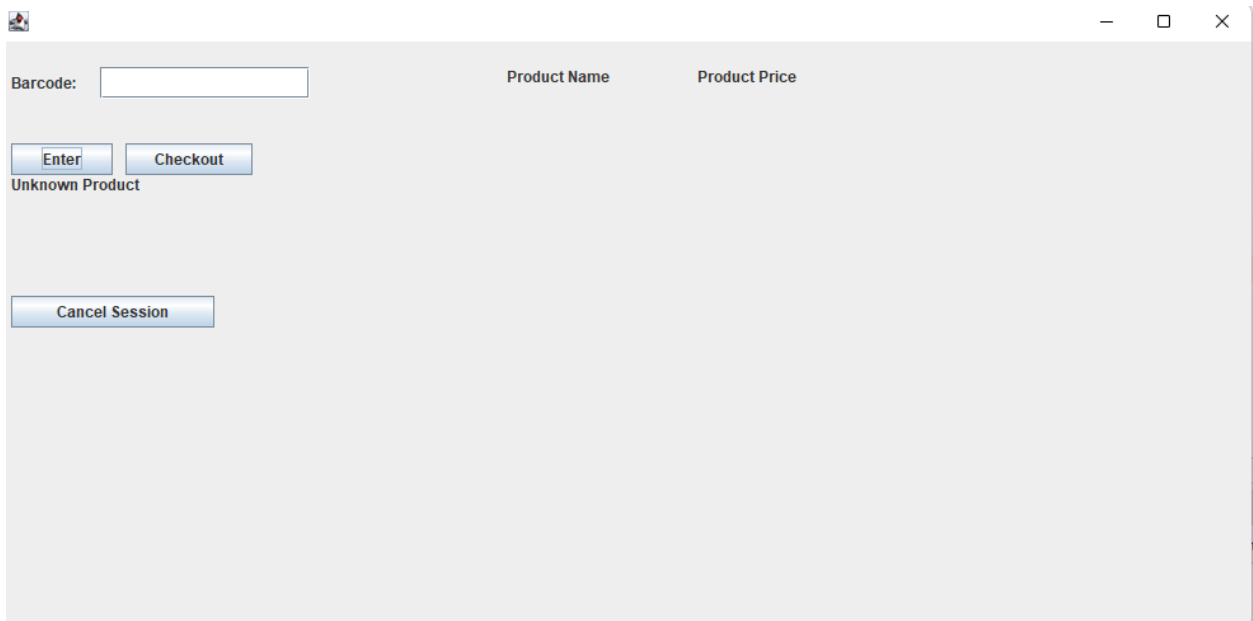

After clicking start button.

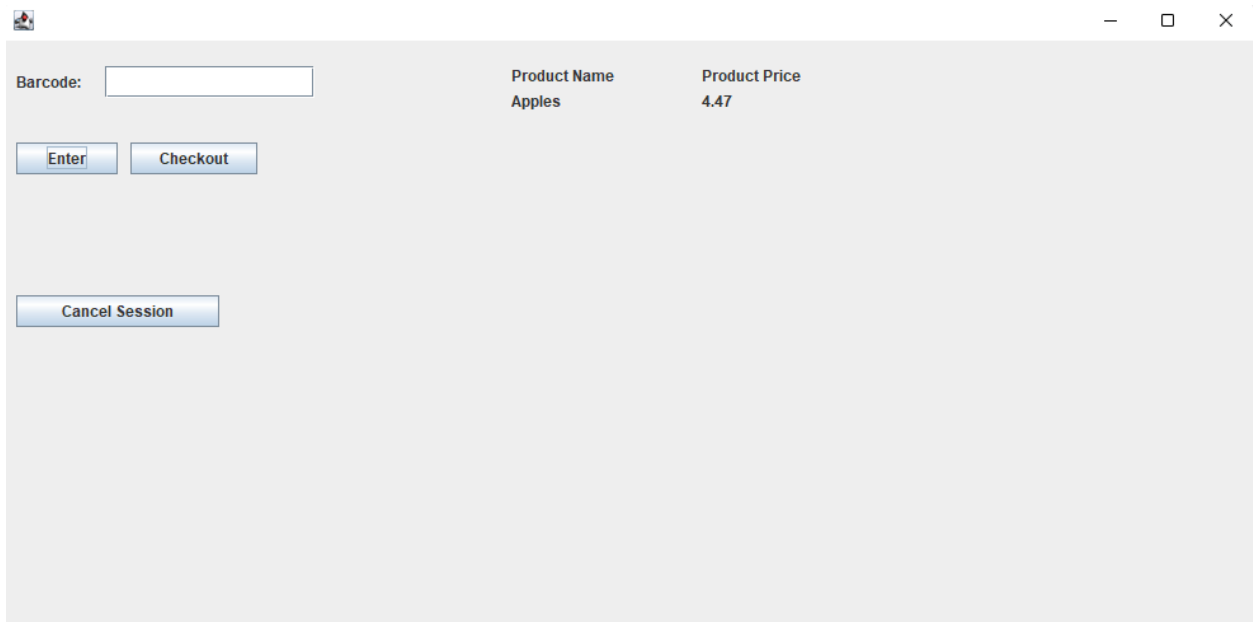

**Only few valid barcodes available which include: 123, 456, 789, and 012. Any other barcodes will give error.**

If wrong barcode is entered, there will be an error.  
After entering invalid barcode 222.

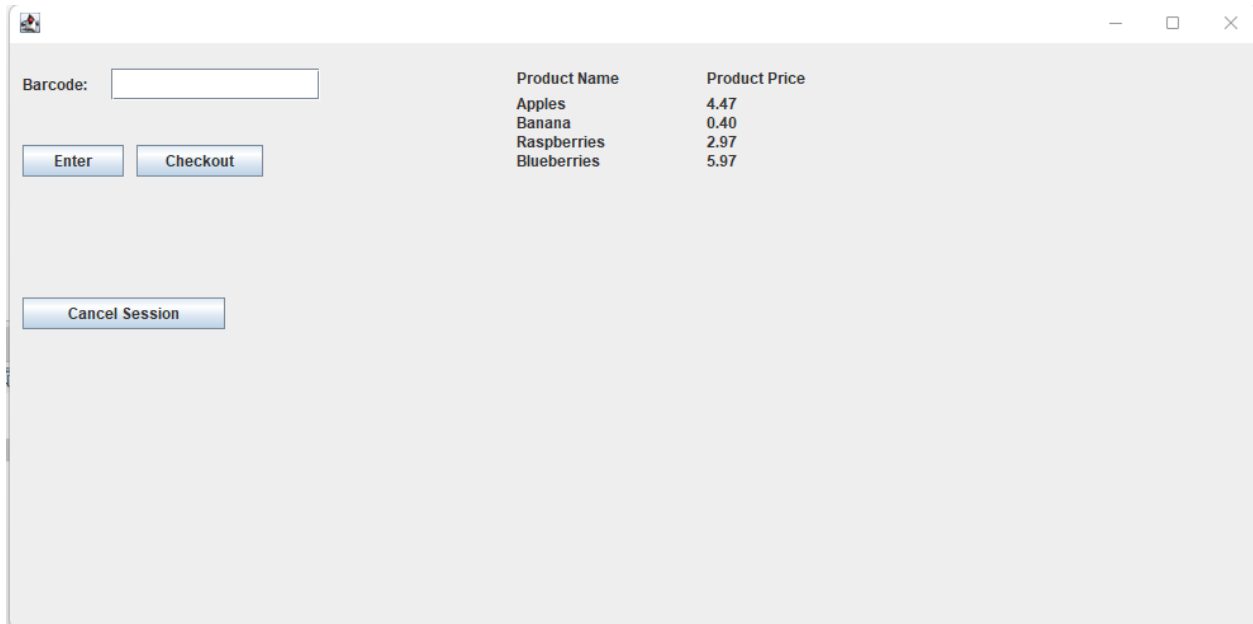

The screenshot shows a software window with a title bar containing a small icon and standard window controls (minimize, maximize, close). The main area of the window is light gray. At the top left, there is a label 'Barcode:' followed by a text input field. To the right of this, there are two labels: 'Product Name' and 'Product Price'. Below the 'Barcode:' label, there are two buttons: 'Enter' and 'Checkout'. Below the 'Enter' button, the text 'Unknown Product' is displayed. At the bottom left, there is a button labeled 'Cancel Session'.

After entering correct barcode 123.

The screenshot shows the same software window as above. The 'Barcode:' input field is now empty. The 'Product Name' label now displays 'Apples' and the 'Product Price' label displays '4.47'. The 'Enter' and 'Checkout' buttons are still present. The 'Cancel Session' button remains at the bottom left.

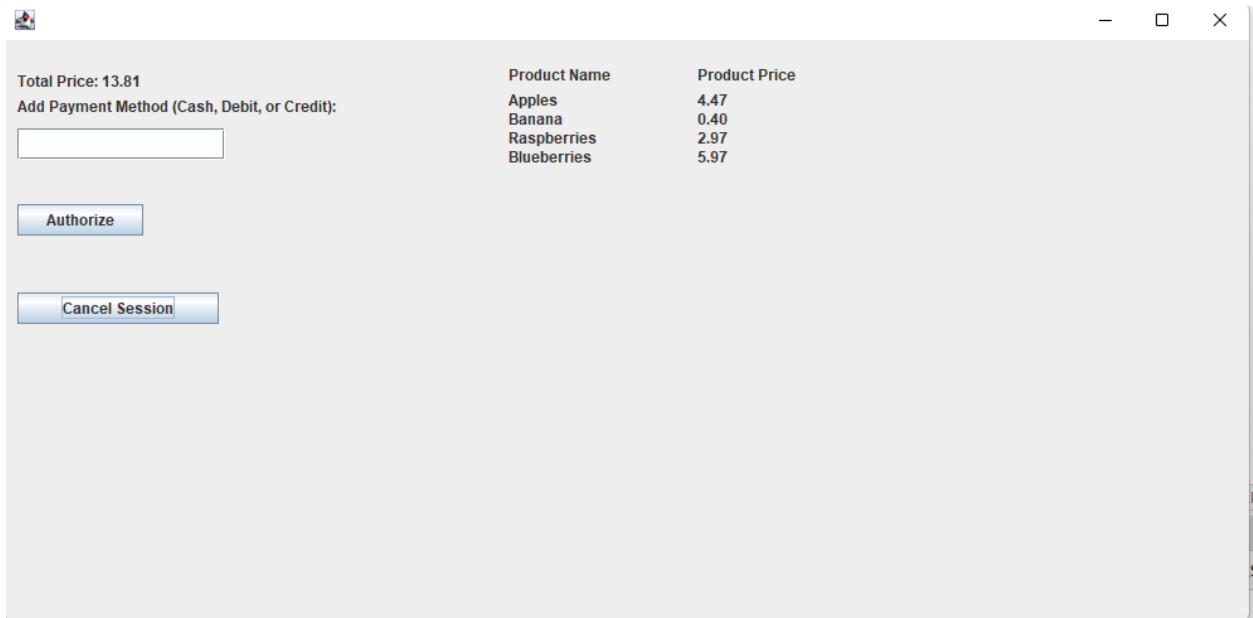

After entering the valid barcodes: 123, 456, 789, and 012.

Barcode:

Product Name	Product Price
Apples	4.47
Banana	0.40
Raspberries	2.97
Blueberries	5.97

After clicking checkout

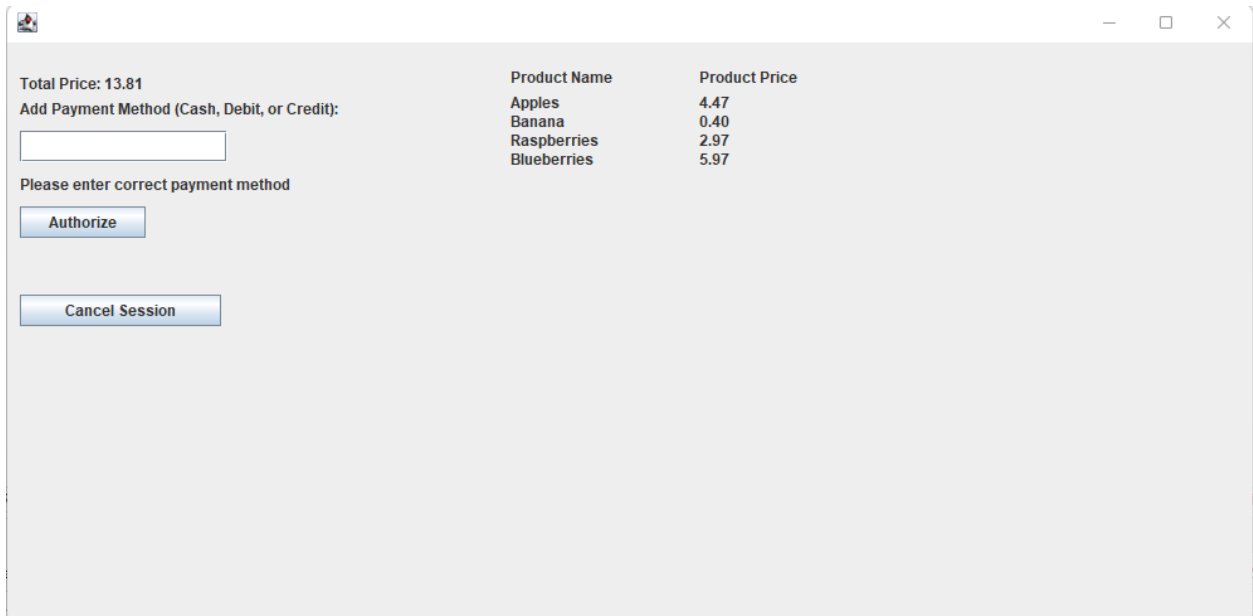

Total Price: 13.81

Add Payment Method (Cash, Debit, or Credit):

Product Name	Product Price
Apples	4.47
Banana	0.40
Raspberries	2.97
Blueberries	5.97

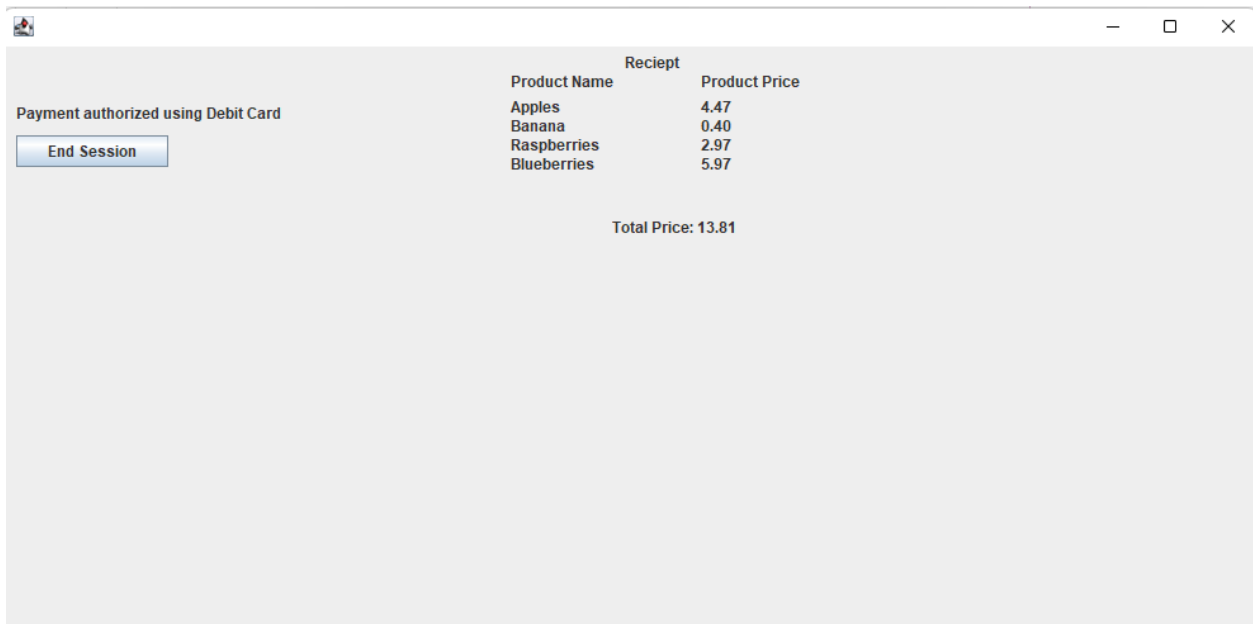

If payment method is none of the three specified or empty, error message is shown.

A screenshot of a payment window. The window has a title bar with a small icon on the left and standard minimize, maximize, and close buttons on the right. The main content area is light gray. On the left side, there is a text label "Total Price: 13.81". Below it is a label "Add Payment Method (Cash, Debit, or Credit):" followed by an empty text input field. Below the input field is the text "Please enter correct payment method". There are two buttons: "Authorize" and "Cancel Session". On the right side, there is a table with two columns: "Product Name" and "Product Price". The table contains four rows of data: Apples (4.47), Banana (0.40), Raspberries (2.97), and Blueberries (5.97).

Product Name	Product Price
Apples	4.47
Banana	0.40
Raspberries	2.97
Blueberries	5.97

After entering Debit and authorizing.

A screenshot of a payment window after a successful payment. The window has a title bar with a small icon on the left and standard minimize, maximize, and close buttons on the right. The main content area is light gray. On the left side, there is a text label "Payment authorized using Debit Card". Below it is a button labeled "End Session". On the right side, there is a table with two columns: "Product Name" and "Product Price". The table contains four rows of data: Apples (4.47), Banana (0.40), Raspberries (2.97), and Blueberries (5.97). Below the table, there is a text label "Total Price: 13.81".

Product Name	Product Price
Apples	4.47
Banana	0.40
Raspberries	2.97
Blueberries	5.97

Total Price: 13.81

After ending session, you can start another one.
